LIFE INSURANCE COMPANY OF VIRGINIA

Organized 1871.

Home Office.....Richmond, Va.

OLDEST LARGEST STRONGEST

Southern Life Insurance Company.

Its history has been characterized by its liberal forms of Policies; its prompt settlement of Death Losses without litigation; its equitable dealing with its Policyholders; its strength of organization, and everything which contributes to the security and economy of Life Insurance.
Its Policies are clear and definite in their Provisions, and their values are absolutely guaranteed.
All Claims are paid IMMEDIATELY upon receipt of satisfactory Proofs of Death.

Payments to Policyholders since organization over $13,000,000.
Is Paying its Policyholders over $1,000,000 Annually.

Good Territory for Live Agents.

F. E. HALL, Supt. Ordinary Agencies, Richmond, Va.

DON'T LIVE AMID DISCOMFORTS?

By OUR PLAN of Designing, Financing, Constructing and Operating COMPLETE Systems, WE CAN SHOW ANY TOWN that WANTS TO GROW,—Municipal IMPROVEMENTS PAY.

Waterworks, Electric Lights, Sanitary Sewers

Mean HEALTH, COMFORT and GROWTH for ANY TOWN, when intelligently handled.

Let us send list of cities and small towns in NORTH CAROLINA and adjacent States (over 300), plants we've built.

PROFIT BY THEIR EXPERIENCE

Kerosene or gasoline lights, surface wells and country sanitation were all right for towns 50 YERS AGO—but no normal town of 600 population or over CAN AFFORD this NOW.

A postal will bring information of value.

DON'T DELAY!!

STATE GOVERNMENT---JUDICIAL DEPARTMENT

THE SUPREME COURT OF NORTH CAROLINA.

Walter Clark, of Wake, Chief Justice.
Platt D. Walker, of Mecklenburg, Associate Justice.
William A. Hoke, of Lincoln, Associate Justice.
George H. Brown, Jr., of Beaufort, Associate Justice.
Wm. R. Allen, of Wayne, Associate Justice.
J. L. Seawell, of Raleigh, Clerk.
Weldon T. Smith, of Raleigh, Office Clerk.
Robert H. Bradley, of Raleigh, Marshal and Librarian.
Robert C. Strong, of Raleigh, Reporter.

The Supreme Court meets on the first Monday in February and the fourth Monday in August of each year. The call of appeals from the judicial districts begins on Tuesday of each week during the term.

APPLICANTS FOR LICENSE TO PRACTICE LAW.

Each applicant must have attained the age of twenty-one years, and must have studied:
Ewell's Essentials, 3 volumes.
Clark on Corporations.
Schouler on Executors.
Bispham's Equity.
Clark's Code of Civil Procedure.
Revisal of 1905.
Constitution of North Carolina.
Constitution of the United States.
Creasy's English Constitution.
Sharswood's Legal Ethics.
Sheppard's Constitutional Text-Book.
Cooley's Principles of Constitutional Law (or equivalent).

Each applicant must have read law two years at least.

Examinations for license to practice law are held on the first Monday in February and the last Monday in August of each year. The examinations are in writing.

Conditions Precedent to Examination.

Before being allowed to stand an examination each applicant must comply with the following conditions:

1. He must be at the time twenty-one years of age, or will arrive at that age before the time for the next examination.

2. He must file with the Clerk of the Court a certificate of good moral character, signed by two attorneys who practice in that Court, and also a certificate of the dean of a law school or a member of the bar of this Court, that the applicant has read law under his instruction or to his knowledge or satisfaction for two years, and upon examination by such instructor has been found competent and proficient in said course. Such certificate while indispensable, will of course not be conclusive evidence of proficiency. An applicant who has obtained license to practice law in another State, in lieu of the certificate of two years reading and proficiency, can file (with leave to withdraw) his law license issued by said State.

3 He must deposit with the Clerk twenty-three dollars and fifty cents. Of this sum one dollar and fifty cents shall be retained by the Clerk and two dollars is for printers for the parchment on which the certificate of license is issued. If the applicant obtains license the remaining twenty dollars shall be paid by the Clerk to the librarian for use of the Supreme Court library. If the applicant fails on examination the twenty dollars shall be repaid him.

SUPERIOR COURT TERMS—Probably will be rearranged by 1913 General Assembly.

FIRST JUDICIAL DISTRICT.

STEPHEN C. BRAGAW, Washington, Presiding Judge.
J. C. B. EHRINGHAUS, Solicitor, Elizabeth City.

EDWARD P. CHILDS, Field Superintendent.

MISS MARY F. HICKOK, Principal.

DEMOCRATIC STATE PLATFORM---1912

We, the representatives of the Democratic party, in convention assembled, reaffirm our devotion to the time-honored principles of constitutional government as established by the fathers of the republic, and to the still greater principles of human equality as proclaimed by Jefferson, with equal rights to all and special privileges to none, and hereby declare:

We favor an income tax.

We favor the election of senators by a direct vote of the people.

We oppose subsidies in any form.

We favor publication of campaign funds, both before and after primaries, conventions and elections.

Corruption in Elections.

We condemn the corrupt use of money, or other corrupt means, to influence voters in primaries, conventions and elections, and we favor the enactment of such criminal laws as will effectually prevent such practices.

Public Roads and Natural Resources.

We favor the improvement of our public roads and highways, wise and reasonable drainage laws, and the conservation of all our natural resources.

Pensions and Public Institutions.

We favor and indorse the policy of the Democratic party in the pension of the Confederate veterans of the State, and pledge ourselves to a continuation of such policy.

We pledge ourselves to the continued development of the internal affairs of the State; to the maintenance of the institutions for the insane, deaf, dumb and blind, and all other charitable institutions of the State, and to the extension and enlargement of these institutions to meet the demands upon the State and the needs of the unfortunates who require the care and maintenance of the government.

We indorse the policy of the Democratic party of the State in its support of the educational institutions of the State, and we pledge ourselves to as liberal appropriations for the support, upbuilding and development of such institutions as the finances of the State will permit.

Education.

We believe education to be one of the fundamental needs and chief functions of all government. We believe in the inherent right of every child to an equal chance to develop, through education, every power within him for citizenship and service, and it is the duty of the State to place adequate opportunity for such development within the reach of every child.

We congratulate the people upon the fulfillment of the pledge of the party for a four-months' public school in every district of the State; upon the building of more adequate school houses in the school districts of the State, and upon the educational progress made under the administration of the Democratic party. We favor the continued support and increased efficiency of the public school system in the State, and the enlargement of the opportunities of the children of the State to obtain an education, and we favor an increased length of public school term as fast as practicable. We favor proper provisions for such instruction in the public schools as will foster an interest in country life, and furnish better preparation for more profitable farming and more comfortable living in the country.

Control of Public-Service Corporations.

The supervision and control of public-service corporations is a well-recognized right of the State and national governments, and we pledge ourselves to the enforcement of this right in the interest of the people of the State, consistent with fair and just treatment of the public-service corporations; and no public-service corporation shall grant any special privileges or other favor to any person or corporation.

Trusts and Monopolies.

We are opposed to, and demand the suppression of, trusts and monopolies, and favor the enactment of such laws in both State and nation, with such necessary machinery and powers, as will make their existence impossible. We believe that guilt is personal, as well as corporate, and we demand that all anti-trust laws be enforced, both by the civil

CAROLINA COLLEGE MAXTON, N. C.

FOR YOUNG WOMEN.

New Administration building—cost $100,000.00 Steam heating system absolutely perfect. Hot and cold water furnished in abundance in every part of the building. Electric lights. For catalog and full information apply to the president,

REV. S. E. MERCER.

and criminal processes of our courts.

Tariff.

We denounce protection as a robbery of the many to enrich the few, and we favor a tariff limited to the needs of the government, economically administered, and so levied as not to discriminate against any industry, class or section, to the end that the burdens of taxation shall be distributed as equally as possible.

We favor a revision and reduction of the tariff to a revenue basis by the friends of the masses and for the common weal, and not by the friends of its abuses, its extortions and its discriminations; keeping in view the ultimate end, of "equality of burden and equality of opportunities" and the constitutional purpose of raising revenue by taxation, to wit, the support of the Federal government in all of its integrity and virility, but in simplicity.

Indorsement of State Administration and Senators and Representatives in Congress.

We heartily indorse the record of our senators and representatives in the Congress of the United States, and the administration of our State's affairs by our governor and other State officers.

We have faith and confidence in the intelligence and patriotism of the people of the State, and in the ultimate development of our unrivaled natural resources, and we call upon all North Carolinians to unite in one common effort to continue in power the administration of the party under whose government the State has made such rapid strides and development since its advent to power.

REPUBLICAN STATE PLATFORM---1912

REPUBLICAN PLATFORM, ADOPTED AT CHARLOTTE, N. C., ON SEPT. 4, 1912.

We, the Republicans of North Carolina, in convention assembled at Charlotte, N. C., September 4, 1912, reaffirming our allegiance to the principles o fthe Republican party, and pledging our most loyal support to William Howard Taft for president and James S. Sherman for vice-president, declare that we favor and pledge our party to legislation to the following ends:

First. We favor local option, and pledge the party to the enactment of such a law as the wisdom of the party shall dictate.

Second. We favor the enactment of such legislation as will insure to every elector registered under the Grandfather Clause the right to vote.

Third. We denounce the Democratic party for the enactment of the present unfair and unjust method of arriving at tax values and the expensive and useless machinery for the listing of property in the State.

Fourth. We demand that the public school cease to be used as a political machine and that under the time-honored principle of local self-government a public school system be adoptedadopted, in which the people and not the politician shall control and thus forever eliminate politics from our school system.

Fifth. We demand that the discrimination against our State and her cities in freight rates shall cease.

Sixth. We demand the passage of a strong anti-trust law, as broad as the State's power will permit, and that the Legislature give the corporation commission complete control over all insurance companies and public-service corporations in the regulation of rates, requiring of such companies and corporations a complete and specific accounting of their business to the end that unfair and illegal monopolies be destroyed, and no excessive rates be charged.

Seventh. We again reaffrm our allegiance to the principles of local self-government, and denounce the continued betrayals of this principle by the Democratic party, and we pledge ourselves to the passing of such laws as will restore to the people the right to elect their school trustees, justices of the peace, all county officers and members of the boards of education and superintendents of the public schools.

Eighth. We favor an exemption from taxation of two hundred ($200.00) dollars on personal property to every householder, and we favor the furnishing of free text-books to public school children of the State.

Ninth We pledge ourselves to liberally increase the pensions of the Confederate soldiers.

The North Carolina State Normal and Industrial College

Offers to the young women of the State five regular courses leading to the Degrees of Batchelor of Pedagogy, Bachelor of Arts, Bachelor of Science, Bachelor of Music, and Bachelor of Science in Home Economics.

The Twenty-Second Annual Session begins September, 1913.

The Summer Session of the College will be held during the months of June and July, 1913.

For Catalogue and other information, address,

President JULIUS I. FOUST, Greensboro, N. C.

PROGRESSIVE STATE PLATFORM---1912

PLATFORM OF PROGRESSIVE PARTY, ADOPTED AT GREENSBORO, SEPT. 3, 1912.

We, the representatives of the Progressive party in North Carolina, in our first State convention assembled, conscious of our responsibilities as citizens and convinced of the righteouness of the cause we espouse, confess our faith in the national Progressive platform, pledge our efforts to promote their enactment into law, and declare our allegiance to Roosevelt and Johnson, the distinguished candidates of the party for president and vice-president of the United States.

Confronted for years in this State by unfortunate political conditions, which excluded intelligent political discussion of State affairs, embittered public discussion, and produced political intolerance, we may now congratulate ourselves as a people that the baneful era is passed, and, in this nation-wide progressive movement toward higher ideals of statesmanship in dealing with economic, social and industrial questions, which press upon us as for solution, there is no place for the antiquated issues of a dead past. Every man, we believe, whose conscience is awake to the obligations of citizenship should intelligently and resolutely, at whatever sacrifice, align himself with that political party which represents his views as to State and national issues. This is freedom. This is liberty. It is patriotic duty.

National Platform.

The national platform of the Progressive party in its stand for only "honest protection" which shall "equalize conditions of competition between the United States and foreign countries both for the farmer and the manufacturer, and which shall maintain for labor an adequate standard of living;" for the conservation of our natural resources; the drainage of our swamp lands and the building of reservoirs to supply water to our arid wastes; for governmental efficiency in all departments of our government, executive, legislative and judicial, with the recall of judicial decisions on constitutional questions; for the restoration of this government from the rule of the bosses, who are the subservient tools of the special interests, to the rule of the people as expressed in primaries and elections; for the betterment of the conditions of farm life, protection to working men, and minimum scale of wages for working women; for control and regulation of railroads and corporations, but for social and industrial justice applied to all classes and conditions of society; and in outlining a program of practical legislation for needed reforms, constitutes in itself a call of righteousness to the patriotic citizens of this land.

Appeal to Electors.

We, therefore, appeal to the electors of this State, whatever their past political affiliations, to read and digest our platform with impartial consideration and, if in accord with its views, to unite with us in this progressive movement to attain for the people the much needed legislation.

In the spirit of progress, looking forward and not backward, we believe the time has come in this State for its citizens, who would lay broadly and deeply the basis of our future civilization on practical achievements and firm moral standards, to unite their efforts in

bringing about social, industrial, legislative and judicial reforms in the State, as well as the national government.

We need the spirit of a broader statesmanship in this State, the vision of things to be done in the service of the people, and the devotion of men to the substantial welfare of the State, apart from personal ambition, and the concentration of the public mind upon our agricultural, industrial, educational and moral advancement.

We, therefore, applying the progressive spirit of the affairs of State, advocate:

Primaries and Elections.

1. Honesty in the conduct of primaries and elections. There is no difference between political and personal honesty in any standard of morals. The corrupt use of money in party primaries and public elections is a growing evil in this State. The sacredness of the ballot box is essential to the preservation of our liberties. We favor the passage of a corrupt practice act, applicable alike to all primaries and elections, requiring publicity of campaign expenditures, and making all improper use of money, methods or means, tending to debauch the electorate, a felony in the person or persons in the wrong; and when such means are employed, the offender shall forfeit his suffrage and the candidate benefited thereby the right to the nomination, if chosen, or public office, if elected. The hope and permanency of our institutions depend upon honest elections and high standards of personal responsibility in the exercise of their franchise.

Public Schools.

2. Our public schools should be adequate to meet all reasonable demands. No false economy should thwart the opportunity of any boy or girl in the State to obtain an education. Their education is an imperative and sacred duty. The State should provide free school books and a longer school term. Education should be compulsory in all counties which may vote by a majority of the electors so to make it. County superintendents of education should be elected by the people. We condemn as unjust the practice of making school districts so as to lay the special tax schooling on corporate or other special property owners. Education in the public schools should be directed to equipping the boy for some practical occupation, and the girl in a knowledge of domestic science and economy. Our lady teachers, now underpaid, not averaging salaries greater than paid to uneducated colored day laborers, should be adequately compensated for their services that they may be able the better to equip themselves for their work, and others to be encouraged to enter the profession. Chivalry to them demands it. This is social justice.

3. The public institutions of this State, alike educational and charitable, should be liberally sustained, but in the interest of efficiency and wise economy, all supplies to these and other departments should be purchased and supervised by a non-partisan commission to be appointed by the governor. Estimates of materials required should be made at the beginning of each year and contracts awarded, after advertisement, to the lowest bidder, the materials to be delivered as required in the current year; thus enabling the State to purchase in quantities at the lowest price. It has been said by a leading business man, once a member of the board of one of our public institutions, that three intelligent business men, supervising the expenditures of all of our public institutions, could save the State $75,000 annually.

Board of Health.

4. The Legislature, in concurrence with the medical societies of the State, should liberally sustain and extend the work of the State board of health by appropriating ample means for its efficient maintenance in disseminating a knowledge of sanitary laws and the eradication of preventable diseases. Statistics show that the death rate from typhoid fever in North Carolina is four times the average in Switzerland. No people can be a great people who are not strong, virile and healthy. The State should take every possible means known to modern science to preserve the health of its people. Our climate naturally is healthy and invigorating and we should maintain a high standard of public health by the strict enforcement of all sanitary laws.

Penal Institutions.

5. Our penal institutions should be corrective and reformatory in their purpose. Prisoners should be treated humanely. Murder is murder, whether committed by prison guard or other person and discipline is not dependent upon severity. The parole system should be introduced and liberally granted to prisoners. Convicts should be employed only on public works and roads. Society derives no economic benefit when it imprisons the citizen, whatever his crime, and deprives those dependent upon him of support and pockets the proceeds of his labor. The profit derived by the county or State from the labor of convicts falls on the innocent wife, child or others whom the convict may have supported. We, therefore, advocate the passage of a law requiring the State or county to pay to the family of the convict all income derived hrom his labor at a fair compensation over and above his necessary support while confined, and laws which will put into practice such training as will better fit the convict for citizenship when discharged. This is enlightened social justice.

Registration Laws—Torrens System.

6. Our registration system is antiquated. We favor the adoption of the Torrens system. The State should undertake a State survey of its territory on lines by which all titles may be ultimately conveyed. The Torrens system means that the owner of the land, at his option, submits his title to examination, the State corrects all defects, if any, guarantees the title and possession and issues to the owner a certificate which certifies his title. A duplicate of the certificate is retained at the register's office, and on the transfer of the property the certificate is surrendered to the register, cancelled, and a new certificate issued to the purchaser. The land cannot be conveyed afterwards except by a surrender of the certificate. Temporary loans can be made by attaching this certificate to a note, since, without the possession of the certificate, the owner could not part with the property, in the same manner as stock certificates of corporations are used as collateral. The State in the first instance collects a small percentage on the tax valuation, which is paid into a fund to protect its guaranty. This system would bring land into an active market as collateral, facilitate transfers, add to land values, and enable small loans to be made without the expense of legal examination and the drawing of deeds. If necessary, we favor a constitutional amendment to make this system permanent and effective in this State.

Tax Laws.

7. Our tax laws should be modernized. Hundreds of thousands of dollars on personal property escape taxation. Local tax assessors undervalue land to avoid the payment of taxe to the State on a proper valua-

East Carolina Teachers Training School

Established by the State for the sole purpose of training young men and women for the profession of teaching.

THE FIFTH ANNUAL SESSION BEGINS SEPT. 1913.

The school offers in addition to the regular course:

(a) A one year's course for teachers holding a first or second-grade certificate.

(b) A one year's course for those who have never taught, but who wish to teach within a year.

(c) Two short courses for teachers.

These courses begin in March and June of each year.

For further information, address,

ROBERT H. WRIGHT, President.
Greenville, North Carolina.

tion. Laws should be passed to equalize tax assessments, so that all property should bear pro rata the burden of taxes.

The Courts.

8. The Legislature, in concurrence with the bench and bar of this State, should remodel our court procedure. "The law's delay" is proverbial, but its very life is in the prompt enforcement of criminal law and in the redress of private grievances without delay. The non-enforcement of the law in many sections of our State has become a public scandal. There is no use of passing statutes without enforcing them and you cannot enforce them without the means to do so. The attorney general's department should be given greater power and should be allowed legal assistance to manage all litigation in which the State is involved and supervise the proper enforcement of criminal statutes. There should be a contingent fund placed at his disposal to be used by him when the emergency arises for the detection and punishment of criminals. Our system of criminal law and detection should be adjusted to meet the conditions of a more complex population.

Freight Discrimination.

9. The discrimination of freight rates against the cities and towns of this State is a matter of serious import and continuous loss to our people. In the short-sighted policy of the lease of the North Carolina railroad, at midnight and secretly, several years in advance of the termination of the old lease and for a period of ninety-nine years, at the rate of seven per cent. on the stock held by the State, and the parting with the control of that property, is partly the occasion of the discrimination, and when it appeared the State could have leased it at 10 per cent., if competition had been open, the direct loss to the State is the difference between 7 and 10 per cent., or the loss of $90,000 each year for the period of ninety-nine years, and the inexcusable action of the State Legislature of 1899 in permiting the dismemberment of the Cape Fear and Yadkin Valley railroad, when a former Legislature had prohibited its dismemberment and the Federal courts held it could not be legally done, without legislative permission, whereby the road was divided, the western half passing to the Southern and the eastern half to the Coast Line, is another cause of freight discrimination. This dismemberment cut 1,500 square miles of trading territory from the seaport of Wilmington, subordinated the control of the western section of the road to Norfolk and northern markets, and destroyed the benefit of lower freight rates in competition with the water rates through Wilmington and Southport. These wrongs to the State serve to illustrate the domination of public and legislation by the special interests and, in the latter case, was concurrent with large contributions of the railroads to the campaign fund of the dominant political party. The loss to the State directly or indirectly has been incalculable. We favor the proper action by the State Legislature through the courts and by appeal to the State and Interstate Corporation commissions to ameliorate the unjust discrimination in freight rates against this State.

Corporations.

10. Corporations, industrial and railroad, are necessary agencies for our material de-

velopment, and they should be protected in their just rights and accorded a 'square deal,'' but, they should be required at all times to conduct their operations in fairness to others, and the public interests. We oppose industrial corporations known as trusts; favor the repeal of the present State statute permitting one corporation to own stock in another, and the passage of a law which will prohibit it and prevent all combinations in restraint of trade which are oppressive and unreasonable.

Water Powers.

11. The natural water powers of the State should be owned and controlled by the State. The development of these water powers, under the State's supervision, would repay with interest the cost and largely contribute in time to the State's revenue. The concrete dam once constructed the power could be leased to electric companies for transmission under conditions which would prevent the possibility of private monopoly. The Legislature could make provision to acquire by condemnation for the public use all undeveloped water power and the credit of the State should be used for this development as the power could be used. This would be conservation of our natural resources.

State Canals.

12. The Federal government is now opening up the Cape Fear river from Wilmington to Fayetteville with a permanent eight-foot channel. The State should supplement this work of the government by extending an inland canal system, which is feasible and was once begun, but abandoned in the early history of the State. The effect would be to give central North Carolina a water rate to the ocean.

Employers' Liability Act.

13. We favor the passage by the State of an employers' liability act, providing for compensation of injured working men, similar to such statutes adopted by the Federal government and in other States; the abolition of the doctrine of contributory negligence and assudption of risk in all cases, and laws to safeguard workmen in dangerous employments. The fact that in industrial plants operating machinery, and on railroads, over one-half of a million injuries occur annually, as reported to the accident insurance companies, make such laws imperative as a duty to humanity.

14. We favor the creation of State loan and land banks to be operated under State supervision and control loans to be made on real estate only within a given radius of the location of each bank, such banks not to be allowed to engage in commercial banking. Object: to utilize the capital of each community in facilitating loans, bring land into the market as collateral, and to employ through the medium of the bank the savings of the people to the advance of their own community. The commercial bank and the savings bank each have distinct functions. The practice in vogue in this State by which national banks, doing a commercial business, operate so-called savings banks subsidiary thereto, as an indirect means of paying interest on deposits, which are used in commercial transactions, should be prohibited. The directors and officers of one bank should not hold similar positions or exercise control in another bank, as it tends to concentrate the control of banking facilities. The savings banks should, by law, be confined to their proper sphere and their loans should be made within the State on staple securities so as to keep the people's deposits within the State for its upbuilding and to prevent our capital being sent to other States where the rates of interest are higher. The custom of these so-called savings banks paying four per cent. interest on deposits and loaning their deposits on commercial paper in other States at rates of interest higher than those provided by statute in North Carolina should be prohibited by law.

Agriculture.

15. The influence of our State agricultural department, supplementing the work of the Federal government, upon approved farm methods, has been potential for good. It should be liberally maintained and its field of operation extended as occasion demands. The farm is the basis of our wealth. The farmers prosperity is the nation's prosperity. Legislation, State and Federal, should be directed toward bettering the condition of the farmer, and in colaboration with his organized societies, devise ways and means to promote the highest efficiency of agriculture, in all its branches, and the welfare of the tiller of the soil.

Public Roads.

16. The convenience, economy and necessity of public roads is now recognized. The State should issue bonds and build a system of State highways from the seacoast to the mountains, cross sectioned from the Virginia to the South Carolina line, of permanent construction, and as a basis of an interconnecting system of highways all over the State, leaving the counties free to connect their local roads to such main highways.

Swamp Lands.

17. The drainage of swamp land would be of inestimable advantage to the State. The State should employ engineers to lay off areas to be drained, issue bonds for the purpose and distribute the cost between the owners of the drained lands, according to the benefit each derives and collect by special assessment from the land owners, levied annually over long periods of time, the money so expected and advanced, which should be applied to the payment and redemption of the bonds issued.

18. Local self-government is a fundamental policy of our political institutions. The right of a State to legislate, either under its general or police powers, in all matters of State concern, is equally fundamental. Each should be preserved in its integrity without the subordination of the one to the other. The Legislature should enact legislation of local character to the representative of a county elected upon a written platform demanding such legislation of his county; provided, this section does not apply to the local option question.

Conclusion.

We invite the co-operation of the men and women of our State who are willing to strive in unselfish purpose to develop the natural resources, which God has given us to utilize, and to advance our civilization on high ideals of moral, social and industrial justice.

Ratification of the U. S. Constitution

North Carolina, November 21st, 1789, by vote of 193 to 75. All other States ratified earlier except Rhode Island, which ratified May 29th, 1790, by a vote of 34 to 32.

Insurance

In 1843 the amount of outstanding insurance in the United States was $6,500,000. In 1911 it had grown to $16,404,229,925.

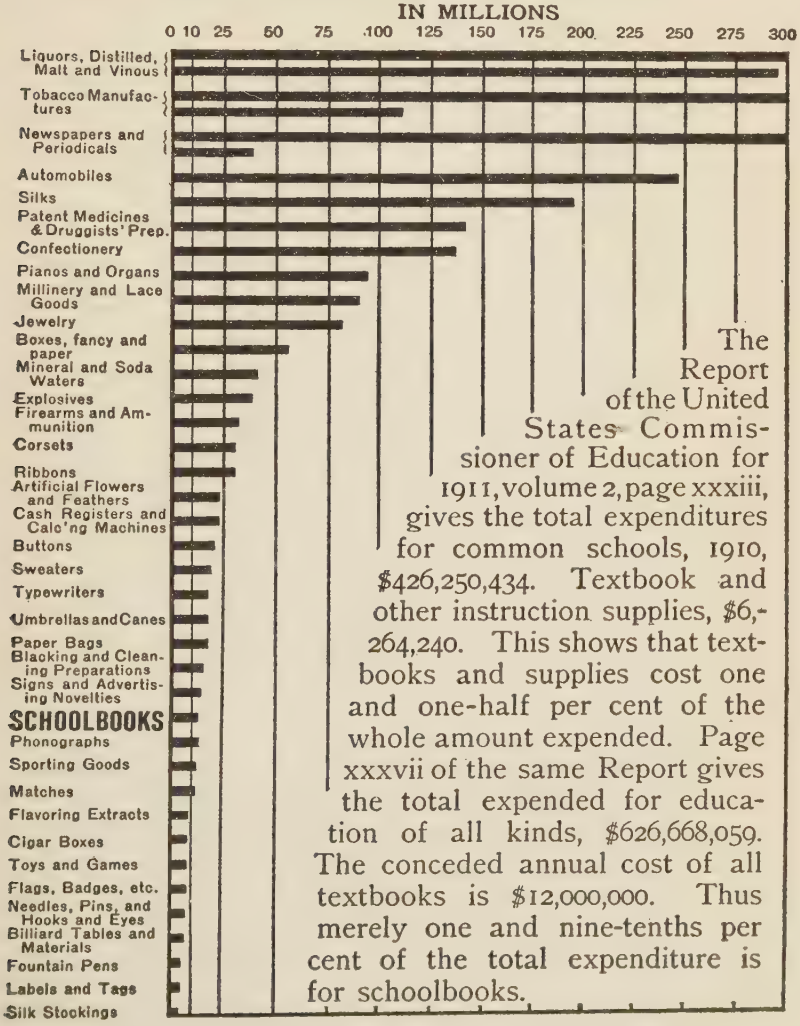
THIS diagram, based on U. S. Census Bureau Bulletin, 1910, shows a comparison of the values of certain common necessities and luxuries used in 1909 by the people of the United States. Note the small amount spent for schoolbooks.



The Report of the United States Commissioner of Education for 1911, volume 2, page xxxiii, gives the total expenditures for common schools, 1910, $426,250,434. Textbook and other instruction supplies, $6,264,240. This shows that textbooks and supplies cost one and one-half per cent of the whole amount expended. Page xxxvii of the same Report gives the total expended for education of all kinds, $626,668,059. The conceded annual cost of all textbooks is $12,000,000. Thus merely one and nine-tenths per cent of the total expenditure is for schoolbooks.

.	40	1915—Jones, Wesley L.
		WEST VIRGINIA:
.	41	*1919—A Republican; many candidates.
49	..	1917—Chilton, Wm. E.
		WISCONSIN:
.	42	1917—La Follette, R. M.
.	43	1915—Stephenson, Isaac.
		WYOMING:
.	44	*1919—A Republican, probably F. E. Warren.
.	45	1917—Clark, Clarence O.

Democrats, 49; Republicans, 45; in doubt, Illinois 2.

PROSPERITY'S TERRITORY

The territory embraced by The States of Virginia, North and South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee and Kentucky, offers possibly a greater number and variety of opportunities than any other section of the United States to

Farmers, Manufacturers and Investors

FARMERS are offered millions of productive acres at very low prices adaptable to nearly every known variety of truck, grain, hay and fruit.

All branches of the livestock industry can be made exceptionally profitable. Dairying, cattle and sheep raising, horse breeding and the poultry business is conducted at little expense and care, but commands excellent markets paying greater profits than realized on Northern and Western farms.

MANUFACTURERS and **INVESTORS** will find advantages greatly to their interest in numerous cities and towns along the 10,000 miles of the

SOUTHERN RAILWAY SYSTEM

Practically a limitless supply of coal and iron ore is obtainable near excellent manufacturing points where labor is sufficient for any ordinary demand and abundant power obtainable at the lowest prices.

Information about locations can be obtained by writing

M. V. RICHARDS, Land and Industrial Agent,
Southern Railway, Room 114,
WASHINGTON, D. C.

REIDSVILLE SEMINARY

Co-educational. Excellent faculty. Course of study thoroughly re-organized and extended. Graduates admitted, without examination, into any Southern College or University. All modern conveniences—electric lights, water and city sewerage and patent ventilating furnaces.

DEPARTMENTS: Preparatory, Collegiate, Music and Commercial (Southern branch of Eastman Business College.)

Number of Pupils Limited. Terms Moderate.

For attractive Catalogue, Address,

Frank H. Curtiss, President

REIDSVILLE, N. C.

NORTH CAROLINA IN CONGRESS

Senate.

F. M. Simmons, Trenton.
Lee S. Overman, Salisbury.

House of Representatives.

First District—John H. Small Washington.
Second—Claude Kitchin, Scotland Neck.
Third—John M. Faison, Faison.
Fourth—Edward W. Pou, Smithfield.
Fifth—C. M. Stedman, Greensboro.
Sixth—H. L. Godwin, Dunn.
Seventh—Robt. N. Page, Biscoe.
Eighth—R. L. Dougghton, Laurel Springs.
Ninth—E. Y. Webb, Shelby.
Tenth—J. M. Gudger, Asheville.

Presidents of Senate.

North Carolina has furnished three Presidents pro tempore of the United States Senate. They were:

Jesse Franklin—Elected March, 1804.
Nathaniel Macon—Elected May, 1826.
Wiley P. Mangum—Elected May, 1842.

Speaker of the House.

North Carolina has furnished only one Speaker of the United States House of Representatives. Nathaniel Macon was three times chosen Speaker, and presided over the Seventh, Eighth and Ninth Congresses.

Secretaries of the Navy.

North Carolina has furnished only four Cabinet officers, and each of the four was Secretary of the Navy. They were:

John Branch—Appointed March 9, 1829.
Geo. E. Badger—Appointed March 5 1841.
W. A. Graham—Appointed July 20, 1850.
J. C. Dobbin—Appointed March 5, 1853.

AGRICULTURAL and MECHANICAL COLLEGE for the COLORED RACE

GREENSBORO, N. C.

Open all the year roundfor males only. Nowhere else in the country can better facilities for practical education be secured on such easy terms. Do you know a young man who is unable to pay, but who is willing to work for an education? Do you know a young negro who is ambitious to become a good farmer or mechanic? If so, please recommend him to write for catalog or further information.

JAMES B. DUDLEY, President,

Greensboro, N. C.

PARCEL POST INFORMATION.

The act of Congress authorizing the establishment of a parcel post system provides that on and after January 1, 1913, fourth class mail matter shall embrace all other matter, including farmand factory products, not now embraced in either the first, second, or third class, not exceeding 11 pounds in weight nor greater in size than 72 inches in length and girth combined, nor in form or kind likely to injure the person of any postal employee or damage the mail equipment or other mail matter, and not of a character perishable within a period reasonably required for transportation and delivery.

The local rate is applicable to parcels intended for delivery at the office of mailing or on a rural route starting therefrom.

TABLE OF RATES.

Weight.	First Zone								
	Local Rate.	First zone rate, 50 miles.	Second zone 50 to 150 miles.	Third zone, 150 to 300 miles.	Fourth zone, 300 to 600 miles.	Fifth zone, 600 to 1,000 miles.	Sixth zone, 1,000 to 1,400 miles.	Seventh zone, 1,400 to 1,800 miles.	Eighth zone, all all over 1,800 miles.
1 pound	$0.05	$0.05	$0.06	$0.07	$0.08	$0.09	$0.10	$0.11	$0.12

Population of North Carolina

Composition and Characteristics of the State Collected by the Census Department.

Washington, Feb. 22.—The composition and characteristics of the population of North Carolina, as reported at the thirteenth decennial census are given in an advance bulletin soon to be issued by Director Durand, of the Bureau of the Census, Department of Commerce and Labor. It was prepared under the supervision of William C. Hunt, chief statistician for population. Statistics of color, nativity, parentage, sex, State of birth, citizenship, age, illiteracy, school attendance, marital condition, and dwellings and families are presented. They are grouped as follows: For the State and counties, for cities of 25,000 or more, for cities of 10,000 to 25,000, and for places of 2,500 to 10,000. A previous population bulletin for North Carolina gave the number of inhabitants by counties and minor civil divisions, decennial increase and density of population, and the proportion urban and rural. That and the forthcoming bulletin cover all the principal topics of the population census except occupations and ownership of homes.

COLOR AND NATIVITY.

The white population is divided into four groups: (1) native, native parentage—that is, having both parents born in the United States; (2) native, foreign parentage—having both parents born abroad; (3) native, mixed parentage—having one parent native and the other foreign born; (4) foreign born.

Of the total population of North Carolina, 1,500,511, or 68 per cent, are whites, and 697,843, or 31.6 per cent, negroes. The corresponding percentages in 1900 were 66.7 and 33, respectively. In 14 of the 98 counties the population is more than one-half negro, the highest percentages being those for Warren (65.2) and Halifax (64.6.) In 41 counties, including one which reports no negroes, the percentage negro is less than 25, and in 43 it ranges from 25 to 50.

Native whites of native parentage constitute 67.3 per cent of the total population of the State, and 99 per cent of the white population. Native whites of foreign or mixed parentage constitute only 0.4 per cent of the total population, and foreign-born whites 0.3 per cent.

Of the urban population, 61.2 per cent are native whites of native parentage; of the rural, 68.4 per cent. The corresponding proportions for native whites of foreign or mixed parentage are 1.4 and 0.2 per cent, respectively. The percentage of foreign-born whites is one in the urban population and 0.2 in the rural; the percentage of negroes is 36.4 in the urban and 30.8 in the rural.

SEX.

In the total population of the State there are 1,098,476 males and 1,107,811 females, or 99.2 males to 100 females. In 1900 the ratio was 98.3 to 100. Among the whites there are 101.2 males to 100 females; among the negroes, 94.8. Among native whites the ratio is 101 to 100, as compared with 170.5 to 100 for the foreign-born whites. In the urban population there are 91.1 males to 100 females, and in the rural, 100.6.

STATE OF BIRTH.

Of the total native population—that is, population born in the United States—95 per cent were born in North Carolina and 5 per cent outside the State; of the native white population, 5.1 per cent were born outside the State, and of the native negro, 4.9 per cent. Persons born outside the State constitute a larger proportion of the native population in urban than in rural communities.

n, N. C.

FOREIGN NATIONALITIES.

Of the foreign-born white population of North Carolina, persons born in Germany represent 18.1 per cent; England, 15.8; Russia, 12; Canada, 9; Italy, 8.8; Turkey, 8.6; Scotland, 7.3; Ireland, 5.1; Greece, 2.9; all other countries, 12.4 per cent. Of the total white stock of foreign origin, which includes persons born abroad and also natives having one or both parents born abroad, Germany contributed 22.6 per cent; England, 17.9; Ireland, 9.5; Russia, 9.1; Canada, 8.1; Scotland, 8.1; Italy, 5.2; Turkey, 4.4; France, 2 per cent.

VOTING AND MILITIA AGES.

The total number of males 21 years of age and over is 506,134, representing 22.9 per cent of the population. Of such males, 70.7 per cent are whites and 29 per cent negroes. Native whites represent 70 per cent of the total number and foreign-born whites 0.7 per cent. Of the 3,290 foreign-born white males of voting age, 1,439, or 43.7 per cent, are naturalized. Males of militia age—18 to 44—number 392,192.

AGE.

Of the total population, 15.1 per cent are under 5 years of age; 25.5 per cent from 5 to 14 years, inclusive; 20.5 per cent from 15 to 24; 23.1 per cent from 25 to 44; and 15.7 per cent white population comprises comparatively few children, only 6.9 per cent of this class being under 15 years of age, while more than three-fourths (78.6 per cent) are 25 years of age and over. The proportion of children under 15 in the negro population is greater than in the native white population of native parentage.

The urban population shows a smaller proportion of children than the rural and a larger proportion of persons in the prime of life. Migration to the city explains this ,at least in part. Of the urban population, 29 per cent are from 24 to 44 years of age, inclusive, and of the rural population, 22.1 per cent.

SCHOOL ATTENDANCE.

The census inquiry as to school attendance was merely as to whether the person enumerated had attended any kind of school at any time between September 1, 1909, and the date of enumeration, April 15, 1910.

The total number of persons of school age—that is, from 6 to 20 years, inclusive—is 785,583, of whom 481,459, or 61.3 per cent, attended school. In addition to these, 5,691 children under 6 and 8,055 persons 21 and over attended school. Both for boys and for girls from 6 to 20 years, inclusive, the percentage attending school was 61.3. For children from 6 to 14 years, inclusive, the percentage attending school was 71.7. The percentage for children of this age among native whites of foreign or mixed parentage was 84; among native whites of native parentage, 75.7; among foreign-born whites, 64.8; and among negroes, 64. In urban communities the percentage of children of that age attending school was 74, and in rural 71.4.

ILLITERACY.

The Census Bureau classifies as illiterate any person 10 years of age or over who is unable to write, regardless of ability to read.

There are 291,497 illiterates in the State, representing 18.5 per cent of the total population 10 years of age and over, as compared with 28.7 per cent in 1900. The percentage of illiteracy is 31.9 among negroes, 12.3 among native whites, and 8.3 among foreign-born whites. It is 12.3 for native whites of native parentage and 3 for native whites of foreign or mixed parentage.

For all class es combined, the percentage of illiteracy is higher in the rural population than in the urban, 19.6 as compared with 12.5. For each class separately, also the percentage in the rural population exceeds that in the urban.

For persons from 10 to 20 years of age, inclusive, whose literacy depends largely upon present school facilities and school attendance, the percentage of illiteracy is 10.7.

MARITAL CONDITION.

In the population 15 years of age and over 36.3 per cent of the males are single and 31.2 per cent of the females. The percentage married is 59.1 for males and 58 for females, and the percentages widowed 4.1 and 10.3, respectively. The percentage of those reported as divorced, 0.2 and 0.3, respectively, are believed to be too small, because of the probability that many divorced persons class themselves as single or widowed.

CKER BUILDING.

THE GREAT NORTH CAROLINA STATE FAIR

will be held at Raleigh, N. C., in October, 1913. The exhibits and attendance are growing by leaps and bounds—1912 greatly excelled all previous Fairs; 1913 will make a still GREATER HIGH-WATER MARK.

A new CONCRETE FIREPROOF Agricultural Exhibition Hall, 60x150 feet, was built in 1910, and the handsomest new POULTRY BUILDING in the South was built in 1911, both paid for in full from profits of the Fair.

Other and greater improvements in 1913.

One hundred thousand visitors and 10,000 ex hibitors expected in 1913.

J. A. MILLS, President. JOS. E. POGUE, Secretary.

Grow 75 or 100 Bushels of Corn per Acre

Your acres that are not producing what they should can be made to yield a great deal more. Careful seed selection, thorough cultivation and the best fertilizers will build up your farm, compel bigger yields, bring you bigger profits.

Virginia-Carolina

High-Grade

Fertilizers

are carefully mixed for the purpose of making your crops produce the big yields you should get. They have produced more big corn yields than any other fertilizers. They are made of the very best raw materials that skill can devise and money can buy. They are accurately proportioned and carefully mixed into the best balanced, most drillable fertilizers any farmer can use.

How to secure bigger corn yields is well told in our 1912 YEAR BOOK. Copy will be sent you free for your asking.
